

TropEd Recognition

February 11/02/2022

1. What is tropEd recognition

tropEd recognition is the recognition, for individual students, of master's level courses taken in the tropEd network and integrated in the Master degree in the student's higher education institution, member of the tropEd network. It is not an extra degree but recognition of quality and mobility in education and training, in the tropEd network.

For the student's own institution, tropEd recognition, as obtained by its graduates, is a measure of programme internationalisation and joint international quality assurance (e.g. through tropEd course accreditation). The recognition certificate is issued to individual graduates.

2. Prerequisites for tropEd recognition

To obtain tropEd recognition, a student and his/hers/their institution (tropEd member) must provide proof of:

- A specific Master degree in the broad field of International and Global Health, obtained from the institution
- A total of minimum 60 ECTS credit points from a combination of taught and research components leading to a Master degree at the student's institution.
- Credits obtained (based on grade reports) comprise a minimum of 40 credits from taught courses and a minimum of 15 credits from a research component (master thesis)
- Pass marks for all modules and research component (thesis)
- Proof of involvement of a person external to the student's institution in the master thesis process (can e.g. be a jury member, thesis supervisor, co-supervisor, oversight by external examiner)
- Graduation within 5 years (based on the date the degree is awarded) after the start date of the core course or first course at the own institution. Extension of this period can be granted if requested and motivated by the student and his/hers/their institution. An extension will be endorsed by the GA on a case-by-case basis.
- Successful completion of a tropEd accredited core course of minimum 18 credits. For recognition maximum 20 core course credits are taken into account.
- Minimum of 40 credits from tropEd accredited courses (including core course).
- Mobility through completion of courses in at least one other tropEd member institution; more specifically at least 10 taught credit points (physical or virtual) from advanced modules outside the student's own institution.
- At least one year of professional experience¹ of which at least 6 months should be work experience or internship (as exposure) in a low or middle income setting or

¹ Professional experience should not be older, or longer ago, than 10 years at the moment of application for tropEd recognition.

with vulnerable population groups (e.g. migrants), based on employer/internship statements².

3. Procedure of issuing the recognition certificate

The award of tropEd recognition procedure is agreed upon in the tropEd General Assembly.

3.1. Prerequisites to the application procedure

To be eligible for starting this procedure a candidate must have received an IH/GH related master degree from one of the tropEd member institutions.

3.2. Application

3.2.1. Who will send the application to whom? An application for tropEd recognition will be prepared by the student with or without confirmation of the student's institution and should be addressed (via email) to the person in charge of the Recognition Reviewing Committee from tropEd (contact the tropEd secretariat).

3.2.2. Time for the application

An application can be submitted (electronically) any time during the year and preferably within or as soon as possible after the 5 years' period for completing the programme. However, Recognition Certificates are only issued two to three times a year, which is during the tropEd General Assembly (GA) meetings. During a specific GA, only applications submitted at least 14 days before the start of that GA will be evaluated.

3.2.3 Required documents for the application

Please fill in the application form in annex 1 and attach a PDF file as required (see below content and order).

- a. copy of the IH/GH Master's Degree Certificate with a signed Diploma Supplement or transcript of records showing all the courses taken
- b. copies of signed grade reports for all taught modules
- c. copies of Employment/Internship certificates or reference(s) from work/research in low- and middle income countries/societies
- d. signed statement from home-institution on external involvement in the master thesis process.
- e. copy of a comprehensive (dated and signed) CV of the graduate

Please make sure to send the documents **as a single Pdf**. Do not send originals. No documents will be sent back.

3.3 Evaluation of the applications

This evaluation procedure is undertaken by the tropEd Recognition Reviewing Committee. The two members of this Committee are elected by the General Assembly for a 2 years period. In order to double check the accreditation status of courses the candidate has taken, the reviewer will use a

² Professional experience can still be gained within 18 months after graduation but before expiry of the 5 year period after the start date of the core course or first course at the student's own institution.

historic database of accredited modules in the network. This database is available via the tropEd member section on the website. In case further clarification is needed for the evaluation, the reviewing committee will contact the student or the tropEd representative of the student's institution. As soon as the evaluation is successfully completed, a short notice will be sent to the student and institution. In case of conflicting results during the reviewing process, the case will be brought to the GA (also to get an impression what kind of complications might arise), where a decision will be taken.

3.4 Costs

No extra cost will be charged from the student and/or their institution.

3.5 Certificate printing and signing

The Recognition Reviewing Committee will prepare the Certificate of tropEd Recognition for the applicant and bring the certificate to the General Assembly. The General Secretary and the President of the Network will then duly sign the Certificate. This Certificate is only valid with the proper signatures. The certificate can be signed and delivered electronically.

3.6 Delivery of the Certificate

The Recognition Reviewing Committee will postmail/deliver a printed Certificate to the tropEd representative of the student's institution through the tropEd secretariat. The tropEd representative of the student's institution will forward the certificate to the student and get the confirmation of the receipt. An electronic copy is kept at the tropEd secretariat.

3.7 Time frame of the reviewing process

The whole application and reviewing procedure (except if complications arise) should be finished within one GA meeting period (4 months).

3.8 Archiving of the reviewing documents

After the completion of the whole procedure an electronic copy of the recognition certificate will be archived at the tropEd Secretariat. The reviewing report (comments on the checklist by two reviewers) and the application files will be archived by the Reviewing Committee leader.

Note: The data of the application file will only be shared among members of the Reviewing committee and only for tropEd recognition review purposes and will be deleted 5 years after the General Assembly meeting in which a recognition decision was taken.

4.0 Effective Date

This recognition bylaw has been invigorated 11 February 2022 by majority vote of the online February GA 2022.

Annex 1: Application for tropEd recognition

Student identity:

Family name, given name:

tropEd member / Home institution (name/contact details):

Date of graduation:

Student's Email:

I herewith apply for tropEd recognition of my mobility in the tropEd network within the framework of my MSc degree in IH/GH. By submitting this application I confirm that I have understood and agreed to the following issues:

- I have to submit several documents as evidence that I fulfil the requirements for tropEd recognition
- All these documents have to be combined into a single PDF file
- The PDF must be complete and readable
- An incomplete PDF may lead to a rejection of my application
- My file name has been saved as "first name + surname + institution"
- I furthermore confirm that all documents in the submitted PDF file are genuine facsimiles of genuine original documents.

If my application is approved, I am aware that the recognition certificate will be sent to my degree awarding institution which will then deliver the certificate to me.
